## **DETAILED ACTION**

### ***Election/Restrictions***

The restriction requirement is maintained for the reasons of record.

### ***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 3, 5, 7, 13-15, 17, 23-25 are rejected under 35 U.S.C. 103(a) as being unpatentable over EP 307847 (abstract), US 4996050 (col. 2-3), or WO 8203772 in view of EP 619,370 (abstract), US 5589451 (col. 3-4), US 5814605 (abstract), WO 97/13857 (abstract), or WO 98/16243 (abstract).

Applicant argues that just because the components are used individually in the art for the same purpose that there would have been no way that one of ordinary skill in the art would have had any idea to combine them. Fact is, they are used for the same purpose. All of the references teach using their respective components (KGF or plasminogen) for the same purpose, namely to treat conditions dealing with repairing of blood vessels and healing of blood related diseases. It is not like the arts are so different that they were to read on different arts such as treating a cold and cancer.

Art Unit: 1654

They all deal with treating blood related conditions, such as wound healing, surgery (where one wants to stop blood flow), thrombosis, etc.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
